

CORRECTIVE ACTION PLAN FOR MONITORED NATURAL ATTENUATIONSite Name: Motiva Spartanburg TerminalSite #: 13726Date Release Reported: 1/1/1988Project Manager: Minda HornoskyPriority Class: 3ACCounty: SpartanburgDate of Last Sampling: 4/17/2018Contractor: GES, Inc.Date of Assessment Activities Completed: 18-Aug-17# of Sampling Events Completed: 31Groundwater Velocity (ft/yr): 80Groundwater Flow Direction: SSWDepth to Groundwater: 20 ftSoil Lithology: sandy silt and clayDistance to the Nearest Receptor? 410.0105 feetType of Receptor? property boundryIs the CoC Plume Defined (Yes/No)? YesIs the CoC Plume Stable (Yes/No)? Yes**Additional Comments:**

The following items are attached: Table with current CoC concentrations, Table with SSTLs, and Site Map.

Project Manager: Minda HornoskyDate: 9/10/18

UST Facility Name: Motiva Spartanburg Terminal
UST Permit #: 13726

Table of SSTLs

Site-specific target levels (SSTLs) in parts per billion (µg/l):

[illegible]

* SSTLs set equal to effective solubility for gasoline from reported literature values and statistical analysis of UST Management Division CoC data.

PUBLIC NOTICE

Notice #18724-1
September 6, 2018

This notice is to inform the public that the South Carolina Department of Health and Environmental Control (Department) is taking public comments on a Corrective Action Plan (CAP). This CAP addresses the cleanup of soil and groundwater contamination at the facility listed below. The contamination was caused by petroleum products that were released from heating oil tanks at this site. Based on current data, the release does not pose a threat to human health or the environment.

FACILITY: Motiva Spartanburg Terminal, 2590 Southport Road, Spartanburg, SC

APPLICANT: Motiva Enterprises, LLC, 3139 Village Drive, Waynesboro, VA 22980

SUMMARY OF CAP: Petroleum and petroleum byproducts naturally break down over time through chemical, physical, and biological processes. These processes are called natural attenuation. Periodic monitoring will be conducted by Emerald Inc. to ensure that the contamination has decreased and remains below levels of concern.

PUBLIC COMMENT PERIOD: The deadline for submitting written comments is **five (5) PM October 12, 2018**. Any interested person(s) may submit written comments concerning the cleanup to the Project Manager listed below. Please feel free to bring this notice to the attention of persons who may be interested in this matter. If there is a significant degree of public interest, the DHEC may hold a public meeting.

Minda Hornosky, Hydrogeologist
SCDHEC Underground Storage Tank Management Division
2600 Bull Street
Columbia SC 29201
